Advanced Planning and Measurable Outcomes: Restoration Success in Southern Colorado

David Chenoweth, Western States Reclamation Inc.
19 June 2019, 6 - 8 PM

David Chenoweth, President of Western States Reclamation Inc., will discuss a high stakes restoration project in southern Colorado that was done in conjunction with Colorado Springs Utilities (CSU). The project achieved 90% pre-disturbance restoration on 344 acres of pipeline right-of-way in a 2-year timeframe using a 7-step model. This model supports restoration success by setting up proper planning, management, and monitoring. David will be discussing the project in detail along with the team's approach and challenges faced along the way.

WeldWerks Brewing Company, 508 8th Avenue, Greeley, CO 80631

Free admission and appetizers!

Food, fun, and ecological restoration

High Altitude Revegetation Committee 2019 Summer Field Tour

June 2 near Cook City, Montana

The High Altitude Revegetation Committee is co-sponsoring a 2019 Summer Field Tour in conjunction with the American Society of Mining and Reclamation (ASMR) Annual Meeting. Join them to visit the [McLaren Reclamation Project](#),

located near Cooke City, Montana, and just outside the north edge of Yellowstone National Park.

Please see '[Professional Field Tour 1](#)' on the ASMR meeting website or click [here](#) for additional information.

Thanks to sponsors and attendees of our pub talk in Casper

We had a great turnout at our pub talk on May 8th as Jana Heisler-White talked about sage-grouse habitat restoration efforts by the Douglas Core Area Restoration Team in Wyoming.

CeRSER-L listserv has retired

All good things must come to an end and new great things have emerged! As of last month, the old CeRSER-L listserv was closed. If you would like to continue to receive and share job or other restoration-related announcements with a wide audience, please sign-up for the Restoration@lists.colostate.edu listserv.

To subscribe to the Restoration listserv, complete the form at <https://lists.colostate.edu/cgi-bin/mailman/listinfo/restoration>.

Contribute to the SER-RM Newsletter!

Know of an upcoming restoration event or relevant topic of interest? Submit your suggestions to SERRockyMountains@gmail.com to help us get the word out.
